

New Hanover Exploration Pty Ltd

ACN 093 741 201 Incorporated in Victoria

Registered Office: Collins Square, Tower Four, Level 18, 727 Collins Street, Docklands Victoria 3008, Australia

Community Update: 18 November 2021

As foreshadowed, an application to renew Exploration Licence 6164 has been prepared and lodged with Earth Resources Regulation, Department of Jobs, Precincts and Regions, the relevant government body which administers mineral exploration in Victoria.

The advice we have received from the Department is that due to the current high volume of licence renewals and applications in Victoria, it is unable to give a definite timeline on our renewal application.
